I have proudly called Margaret River home for the past 15 years. As the owner of three local businesses, I know first-hand the challenges our community faces and the determination it takes to thrive here. Through my work, I've sponsored and supported countless community and youth events, always striving to give back to the place that has given me so much. I currently serve on the board of the Margaret River Business Network.

I am running for Council because I believe our community deserves a voice that truly understands both individuals and businesses. I want to ensure local decisions are made with a balanced perspective that includes a strong business lens. My focus will be championing small business initiatives, addressing housing needs, ensuring responsible town spending and forecasting, and supporting practical environmental solutions to safeguard our unique region. Together, we can build a resilient, sustainable, and forward-looking future for all.
