## 6.0 Business arising from previous minutes

### 6.1 Action List

Date	Action Item	Action Update	Status	Actioning Officer
20/05/20	LEMC Exercises/Meeting Locations.	<p><b>20/5/20:</b> Adam Jasper to liaise with Nathan Hall and also get in touch with Josh Jackson from the Water Corporation regarding his offer to host a meeting/exercise.</p> <p><b>11/08/20:</b> Hypothetical Water Corporation Exercise discussion held. Members to forward their responses to the Emergency Services Admin Officer. Outcomes to be discussed at the November LEMC which is proposed to be hosted by the Water Corporation in Margaret River (TBC).</p> <p><b>9/2/21:</b> Due to DFES District Officer Emergency Management LSW, Nathan Hall, being an apology as a result of a deployment to Albany, this item will be rolled over to the next LEMC meeting due to be held on 11 May 2021.</p>	In progress	Adam Jasper, Nathan Hall and Josh Jackson

## **7.0 Reports from Shire Officers and Delegates**

### **7.1 Department of Biodiversity Conservation and Attractions**

- TBA

### **7.2 Department of Communities**

- TBA

### **7.3 Department of Fire and Emergency Services**

#### **District Officer Capes LSW – Peter Thomas**

- TBA

#### **District Emergency Management Advisor SW – Vik Cheema** **State**

State Emergency Management Committee met on 5 March 2021. Please see attached copy of the SEMC Communique (*refer Attachment 7.4.1*).

Key points to note:

- Royal Commission into National Disaster Arrangements
- WA Community Disaster Resilience Strategy
- Grant update
- State Emergency Management Framework
- Local Government State Capability Webinar Link
- SEMC Capability Survey

#### **District – South West**

South West District Emergency Management Committee (DEMC) met on 16 March 2021. Highlights of the meeting are:

- COVID-19 current status and preparedness update from the WACHS
- DBCA Prescribed burn presentation
- Australian Defence Force disaster assistance presentation
- Agency updates
- Shire of Manjimup local evacuation and recovery arrangements noted by the DEMC

TC Seroja: DEMA SW deployed to Geraldton and provided support to the multi-agency response and recovery efforts. TC Seroja has caused a widespread impact across several local government districts. As a result, disaster Relief Funding Arrangement (DRFA-WA) is activated for the TC Seroja event, and Lord Mayor's Distress Relief Fund is collecting public donations to assist the impacted community. Emergency Services staff and volunteers from across the state deployed to the Midwest region.

#### **Local**

##### **2021 Annual and Preparedness Report Capability Survey**

Under section 33 and 40 of the Emergency Management Act 2005 (EM Act), Local Emergency Management Committees are required to submit annual reports to the SEMC regarding their emergency management activities. Also, under the EM Act, the State Emergency Management Committee is required to report to the Minister for Emergency Services each year regarding the preparedness of the State to combat emergencies. It should be noted that completion and submission of the survey will form part of the evaluation criteria for grants such as AWARE and National Disaster Risk Reduction (NDRR).

A letter from the SEMC Chair is sent to the local government CEO on 16 April 2021. The survey is due for submission to SEMC Capability team no later than Wednesday, 9 June 2021.

**Local Emergency Management Arrangement – status correct as at 12 March 2021**

**7.4 Department of Health  
Margaret River and Augusta Hospital (WACHS-SW) – Marie Tweedie COVID**

- Staff and aged care resident COVID vaccinations have commenced with extra dates and sites (Margaret River/Busselton)
- COVID swabs continue for both asymptomatic and symptomatic presentations.
- WAPOL are notified for any potential breach as occurred on Friday 23rd April.
- Change of visiting hours to respond to recent outbreak to both sites.
- Staff continue to be trained in donning and doffing of PPE and fit checks for masks.
- PPE supply and stocks are adequate.

**Emergency drills:**

- Code red fire drills continue for both sites including ALL staff and volunteers.
- Updated Margaret River Hospital Emergency procedure manuals to include pandemic information.

**Activity and staffing**

- Margaret River had over 200 more presentations to ED than at the same time last year
- Augusta had 30 more than this time last year.
- Bed capacity at Margaret River and Augusta Hospital's remain full due to lack of available beds in nursing homes putting pressure on the ability to admit acute patients.
- Nursing recruitment is underway for both sites to maintain activity and surge presentations. Accommodation for new starters remains an issue.
- Staff deployed to Midwest to assist after Cyclone Seroja.

**7.5 Department of Primary Industries and Regional Development – Emily Lewis  
DPIRD COVID19 Update**

- DPIRD continues to support wider State Emergency Management Arrangements across the State e.g. Woorloo; TC Seroja/Odette.

**Biosecurity Incidents and Responses – Update**

- Queensland Fruit Fly (Qfly) - DPIRD continues to respond to Qfly operations within Coolbellup since Dec 2020. Eradication and surveillance activities will be managed in accordance with the National Fruit Fly Management Protocol.
- Browsing Ant response has transition to a National program, DPIRD activities are focussed on surveillance to verify eradication across the State.
- Red Imported Fire Ant (RIFA) response has transition to a National program, surveillance activities are focused on establishing 'Proof of Freedom' to prove the pest has been eradicated.
- Ehrlichia canis (Ehrlichiosis) DPIRD is conducting surveillance for the disease and has conditions on dogs moving out of northern WA to reduce the risk of the disease spreading to southern WA.
- Additional information on these pests are available at [www.agric.wa.gov.au](http://www.agric.wa.gov.au).

**7.6 Shire Bush Fire Brigades**

- TBA

**7.7 Shire Human and Community Services – Nigel Anderson  
COVID-19 Shire Community Grant Program**

- Care Package Round 1 – 12 approved grants of which 10 have been successfully acquitted.
- Care Package Rounds 2
- Community Resilience Grants – 10 approved grants of which 1 has been successfully acquitted.
- Economic Stimulus Grants – 7 successful applicants all of which are still open.

**7.8 State Emergency Services – Petrina Yates  
Incidents & Events**

Low number of incidents over the 3 months, but very busy the last three weeks with cyclone recovery support:

- **TC Seroja deployment:** 6 members deployed over three weeks, for Taskforce 1, 2, and 3.
- **Ambulance assist:** 1 request for injured person in Kilcarnup (stood down before attended).
- **Storm damage:** One minor incident in Feb and April.
- **Water bomber:** Request in March but stood down.
- **Fire support:** Transfer of local crew in Feb from MR to Augusta

- **Community Engagement:** Members ran the Breakfast Bar at the MR Farmers Market in Feb, good fundraising and provision of information to the community; Members provided emergency services activities to the MR Recreation Centre Kids Club, 50 children kept involved and active for 1 ½ hours.

#### **Training**

- Members attended Navigation, Storm Damage, Chainsaw operator and BGR / USAR.
- Vertical Rescue team training in collaboration with caving groups to support cave response capability.
- Weekly Monday-night training proceeding well with 15-20 members.

#### **Administration & Other**

- Membership increased to 44 members after successful recruitment campaign for operational and administrative members.
- GRU (General Rescue Utility) Isuzu D-Max is on hold for regional areas due to concerns not fit for purpose.
- Vertical Rescue training tower enhancements approved by DFES and project manager appointed. These include safety upgrades, lighting, an enclosed space for cave rescue training and a staircase for general rescue training. Lighting installed. Designs work with Margaret River engineering.
- Collaborating with VFRS and DFES on site plans for the adjacent fire station, ensuring suitable access to SES facilities in case of major incidents.
- Approval process continuing for ablutions in the shed to supplement the two toilets at the SES facility.

### **7.9 St John Ambulance**

#### **Augusta**

- TBA

#### **Margaret River**

- TBA

### **7.10 Volunteer Fire and Rescue Service**

#### **Augusta**

- TBA

#### **Margaret River**

- TBA

### **7.11 Volunteer Marine Rescue**

#### **Augusta – Herman Gerritsen**

- With bigger than average crowds over summer the number of rescues carried out over summer were probably down on previous years. Most were minor incidents (breakdowns etc) both in the river and the ocean. One incident which occurred in the breakers at the mouth of the river could have turned nasty, but two PWCs were deployed quickly (about 6am the morning) with a successful rescue being carried out.
- The MV Ryall is still undergoing its refit. This has been going on since the 25th September 2020. The Group is looking forward to its completion, hopefully sometime in the next week or two.
- The Group is looking forward to the commencement of its new building at the Boat Harbour. Plans and permits have all been approved and the builder hopes to start on stage one in the upcoming weeks.
- Danial Pell has spent quite a bit of time with the Commander and the Committee setting up a training programme for members to learn and upgrade skills and outlining where members can go to do courses.
- The Group has also been fortunate to have some new members join, some with previous experience from other Groups.

**Margaret River – Michael Beasley**

- Briefly we have had a number of break down call outs, including one capsized boat which had the potential for injury and/ or loss of life. Happily, the boat and all occupants were returned safely to shore with no serious injuries sustained.
- Our Gracetown shed extensions are nearing completion, and decisions on the acquisition of a new larger towing vehicle are currently underway.
- The group assisted in safety roles during the recent Gracetown Swim event.
- Training continues on a regular basis.

**7.12 WA Police**

**Augusta**

- TBA

**Margaret River**

- TBA

**7.13 Water Corporation – Josh Jackson**

**Scheme Summary**

We have seen the trend of higher than normal consumption and treatment rates for the year. The 10-mile dam level is at 63% and the feeder creek is running already. This is a strong position for May and because of that we have shut down the Mowen Bore to undertake maintenance on the Lilly Rd WTP. We will monitor the levels and aim to restart if the rains don't continue as expected.

I have had early meetings to look at installing back up power capabilities at Fisher Rd WTP in Augusta. We have procured a genset and are looking into the design for an auto changeover arrangement to ensure continuance of supply in an emergency situation. Better fire mitigation plans for the surrounding site are also underway. We hope to have that work done prior to this year's fire season.

**VDD Project incident planning**

We have had several rain events with the potential to cause stream flows within the drainage system at Busselton. The project team liaised well with the local operations and stakeholders to put robust plans in place and monitor the risks live through each event. To date none had caused us to deviate from our plans or initiate any of the contingencies.

**Current Projects**

- The Eagle bay tank replacement. Tripling the capacity on the site.
- Cape Naturalist pump station (Genset power back up on site).
- Fisher Rd Augusta power backup.
- Vasse diversion drain flood protection for Busselton works. An estimated 30 million will be spent of flood protection of the Busselton City. The works will enable the drainage system in conjunction with the Compensating basins to handle the flows generated from a 1 in 1000-year event with 50 mm free board. Currently capable to handle a 1 in 55-year event.

**8.0 General business**

**8.1 TBA**

**9.0 Matters for which the meeting may be closed (Confidential Items)**

TBA

**10.0 Closure of meeting**
