

Shire of Augusta Margaret River Library Service FAQs: How Do I...?

Use Bolinda BorrowBox E-audio books

Bolinda Borrowbox gives you more opportunities to download e-audio books using your library membership. To use this service you need your library membership number.

1. Start at the Library Service Online Resources - Download page:

<http://www.amrshire.wa.gov.au/your-library-service/online-resources/download-ebooks-eaudio-emagazines>

2. Click on the Bolinda BorrowBox link. The BorrowBox page will open.

3. Click Sign In:

Back to Augusta Margaret River Library

4. Sign in using your library membership number and your library membership password.

The first time you sign in you will be prompted to complete your BorrowBox account set up and asked to provide an email address.

Once this is done you can search, browse, borrow and reserve items. Note that after you have checked out an item, you then have to download it to your device.

You may check out up to 4 items at a time, and can download them all together when you have finished browsing if you wish.

If you are using an Ipad or Iphone:

Due to the restrictions that Apple has put in place on their iPads/iPhones, it is not possible to directly download eAudiobooks to the iPad/iPhone through the Safari browser. You can, however:

- **Use the BorrowBox Library mobile app** available on the [Apple App Store](#), or
- Download via your computer and transfer the eAudiobooks via iTunes.

If you are using an Android device:

- Install the BorrowBox Library mobile app from the Play store
